

# ZCAS UNIVERSITY STUDENT WIFI (EDUROAM)

## HOW TO CONNECT TO EDUROAM WI-FI

---

### Step-by-Step Guide

1. **Open Wi-Fi** on your device laptop or phone.
  2. **Select "eduroam" Network**
  3. **Enter Your Credentials**  
When prompted for login details, enter:
    - **Username:** Your student number@zcasu.edu.zm  
(e.g., 2023XXXX@zcasu.edu.zm)
    - **Default Password:** zcasu@24!
  4. **Connect to eduroam**  
Your device should automatically connect to the network.
- 

### Certificate Warning for Phones

If you receive a certificate validation warning:

- **On Android/iPhone:** Select **“Do not validate”** or **“Trust the connection”** when prompted about the certificate.
- 

By following these steps, you should be able to successfully set up and connect to the **eduroam** network on both your computer and phone.

If you encounter any issues during the setup process, contact **ZCAS UNIVERSITY IT** department for assistance.
